

A photograph of a garden bed in a trial garden. In the foreground, there is a large, dense bush of coleus with deep red, serrated leaves. To its right is a bush of green plants with small, light purple flowers. The ground is covered with brown mulch. In the background, there are more plants, some with yellow and orange flowers, and several wooden stakes or posts. The text "University of Florida Fort Lauderdale REC Trial Garden" is overlaid in black font on the upper right portion of the image.
